The screenshot shows the 'Nero Disc to Device' application window. The interface is divided into two main steps: '1 Select destination' and '2 Select content'. The 'Select content' step is active, showing a 'Back' button and a section titled 'Select what to send to DropBox:'. Below this is a table with columns for 'Title', 'Duration', and 'Selected languages'. The 'DVD' title is selected, and its sub-titles are listed with checkboxes. A 'Preview' section shows a video player with a play button and a volume slider. Below the preview, there is a 'Resolution' dropdown menu set to 'Medium resolution' and a 'Save to this folder:' field with 'Dropbox' entered and a 'Browse...' button. At the bottom, there are 'Send' and 'Cancel' buttons. On the left, a large grey disc icon has an arrow pointing to the software window. On the right, three arrows point from the software window to icons representing a cloud (Dropbox), a smartphone, and a tablet.
